This week's edition includes several excellent & interesting new opportunities – some have very imminent deadlines, so explore them ASAP.

-In the Academics section, **Columbia University's TIDES program** offers a wide range of free 4-week online courses, ranging from Neuroscience to the “Poetics of Hip Hop.”

-In the Theater/Performing Arts section, the **NYC Summer Arts Institute** invites all students to apply for their free one-month programs in music, theater, photography, and more.

-In the Parks section, the **NYC Aquarium and local zoos** have a virtual volunteer/job fair coming up this week – many different positions for spring & summer will be discussed.

-In the Events section, there are one-day opportunities in **college & financial aid planning, healthcare, the environment**, and more – all students may join in.

-And there are a number of deadlines this coming week for outstanding programs in the **Museums & Art and STEM** sections –check these out as well.

Please start exploring your options and begin applying to whichever fit your interests & talents – the students who end up with the best options are usually those who focus in January & February – **please do not procrastinate!!** All students and parents are always welcome to contact Harvey Blumm at [hblumm@stuy.edu](mailto:hblumm@stuy.edu) for advice & assistance.

For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business & Jobs, Community Service, and so on.

*New* items always will be listed first in every category, followed by those with approaching deadlines (***Deadline Approaching***).

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship Coordinator Harvey Blumm at: [hblumm@stuy.edu](mailto:hblumm@stuy.edu) - we will share your helpful information with the Stuy community!

The **Boston Leadership Institute** is accepting applicants for its various summer 2021 STEM research programs. They offer one-week and three-week program options. Participants will engage in experimental research with faculty experts and explore potential college majors and careers. Programs include:

- Science: Biological research, chemistry research, forensic science, etc.
- Medicine: Neuroscience, oncology, emergency medicine, etc.
- Engineering/Tech: Biomedical engineering, electronics, robotics, etc.

- Business: Entrepreneurship, finance.

**Eligible:** Current sophomores & juniors

**Dates:** Summer 2021

**Location:** Various

**Application Deadline:** Rolling Basis

**Cost:** Various: \$1,200 - \$4,000 (Limited need-based scholarships available)

## **Medical/Life Sciences**

### ***New:* BioBus Paid Summer Internship**

Participants serve as mentors at the BioBus Summer STEM camp for elementary school students and then do research with BioBus scientists on weekends throughout the 2021-2022 school year. There is an Information Session next Wednesday (2/3).

“BioBus, Inc. is seeking students with a passion for science exploration, and an interest in gaining research experience and teaching experience. Interns will receive training/mentorship by research scientists, while developing their own independent projects using research-grade microscopes, participate in outreach events and gain science communication skills. Interns will be paid by the hour. **BioBus seeks to diversify our student population** by giving preference to individuals from groups that are underrepresented in the STEM fields (such as minority, female and low-income students). All students are welcome to apply.”

***Eligible:*** All current 9<sup>th</sup>, 10<sup>th</sup>, and 11<sup>th</sup> grade students may apply: preference given to minority, female, & low-income students.

***Dates:*** Summer and 2021-2022 school year:

Information Sessions: **Wednesday, February 3** (3:30pm) & **Feb. 25** (4:00pm)

***Location:*** 3227 Broadway at 129<sup>th</sup> Street, Manhattan

***Application Deadline:*** **March 15**

## **Virtual Physician Shadowing & Course with Baseline Med**

“Welcome to **Virtual Shadowing | Nano Course in Emergency Medicine!**

This is an online program that you can take on your own time.

Watch over the shoulder of one of our physicians, nurse practitioners, or PAs as they go bedside in the ED to assess and diagnose a simulated patient. Each video is followed-up by a series of questions posed to the student and then a summary by the physician. A short quiz on the topic addressed finalizes each class. These videos are **free** and if so desired, after successfully completing all five modules with a 100% score, students can apply for a Certificate of Completion from the University of Colorado School of Medicine for a \$50 fee (covering our costs of producing the videos).

**Eligible:** All students

**Dates:** Ongoing

**Application Deadline:** Rolling Basis

**Cost:** Free

## **Summer Neuroscience Program at Rockefeller University**

This is a selective summer neuroscience program for high school students (16 and older). It includes classroom sessions and hands-on projects. Motivated, mature, and inquisitive applicants are encouraged to apply.

“The Summer Neuroscience Program (SNP) at The Rockefeller University is a two-week course aimed at introducing talented NYC public high school students to the brain. Led by graduate students, the program takes a look at the most current research in neuroscience in an effort to understand how our brain works and how it relates to our daily life. In addition to the series of highly interactive lectures, students present fun and fascinating journal articles to their classmates. Students also visit research laboratories, dissect brains, and design and conduct neuroscience experiments.”

***Eligible:*** Students who are 16 or older by August 16

***Dates:*** August 16 – 27

***Location:*** TBA

***Application Deadline:*** March 21

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: [hblumm@stuy.edu](mailto:hblumm@stuy.edu)

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at [hblumm@stuy.edu](mailto:hblumm@stuy.edu) with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students**
