February 5, 2024

Dear Sophomores (Class of 2026) and Families,

This year, we plan to administer the PSAT 10 exam in mid/late March and/or April most likely during a school day. The College Board has transitioned to a digital version for the PSAT 10; therefore, it requires the school to plan and prepare differently to administer the exam to over 800 of our sophomores. We have not finalized the dates for the administration of the PSAT 10 as we are awaiting a decision from the College Board for a possible flexibility for the testing window dates. We anticipate we will be able to make a final decision on test dates shortly.

In preparation for the digital version of the PSAT 10, we recommend that you familiarize yourself with what to expect and to practice this new version of the exam. We recommend you read the **PSAT 10 Student Guide** and visit the College Board site for more information about the PSAT 10. Stuyvesant has provided you with a PSAT prep software to support your preparation at PrepScholar. **PrepScholar** provides self-paced adaptive test prep focused on more than 100 skill lessons and 7,100+ practice questions with explanations. You received an email in the Fall to your *stuy.edu* account for this test prep opportunity - you can reset your password by clicking on **Reset Your Password / Log In**. We encourage you to start using the platform immediately to become more familiar with the digital version of the PSAT 10.

We will send you notification as we solidify the final test date and other details. Please be patient as we finalize our planning. In the interim, please take advantage of the suggested resources.

Students who have any questions, please contact Ms. Fanelli at gfanelli@schools.nyc.gov or Room 209. Parents may reach out to Ms. Ingram at ringram3@schools.nyc.gov.

Sincerely,

Seung C. Yu, Ed.D
Principal
