## 11. OPPORTUNITY LISTS AND RESOURCES

## 12. SCHOLARSHIPS

For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business Internships & Jobs, STEM Opportunities, Community Service, and so on.

Here are some highlights for this week:

**---In the BUSINESS/JOBS category, the NYC Summer Youth Employment Program (SYEP) application has been posted online (see BUSINESS section for details). This program is open to all high school students, and provides paid opportunities in a wide variety of settings (along with the similar NYC-funded **Ladders for Leaders** job program for juniors & seniors over 16). Students are selected by lottery, but they must apply & select specific ‘providers.’ Most students**

should consider applying even if they apply to other programs— just in case their other options don't work out.

Also in this section, the **NYC Exploring** program offers free after-school sessions in the fields of Engineering/Architecture, Law (with the Queens & Brooklyn DA offices), Medicine (with Lenox Hill Hospital), Aviation (at LaGuardia Airport), and more – these begin soon & students may attend any sessions they are interested in.

---In the LEADERSHIP/GOVERNMENT category, there are numerous spring & summer opportunities. For example, The **NYU Democracy Scholars** for current juniors combines small seminars in political philosophy and social justice activism, with additional personalized support with the college admissions process. It meets for two weeks in the summer, followed by periodic meetings during the 2023-2024 school year. **The New York Historical Society's Student Historian Program** allows interested students (9<sup>th</sup>, 10<sup>th</sup>, and 11<sup>th</sup> grades) to spend the summer working with curators & experts in researching and developing exhibitions and helping at the museum. For female students, the **Sadie Nash and Bella Abzug summer leadership programs are popular options to consider. The National Labor Relations Board** virtual summer program is an excellent opportunity to learn about labor law – it is open to 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup> graders. And the **Youth Leadership Councils** sponsored by the NYC Department of Social Services meet occasionally throughout the spring term – they are open to all and allow students to work with officials & experts on current community issues.

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship/Opportunity Coordinator Harvey Blumm at: [hblumm@stuy.edu](mailto:hblumm@stuy.edu) - we will share your helpful information with the Stuy community!

And, as always, students and parents should feel free to contact Harvey Blumm for advice & assistance: [hblumm@stuy.edu](mailto:hblumm@stuy.edu)

### **Events of Interest to Students:**

#### ***New:* Museum of Modern Art (MoMA) Teens Film Club**

“MoMA Teens Film Club is back! Join us as we explore the theme of adolescence through exciting, thought-provoking films. For the next two installments, we’ll be screening the 1997 classic Princess Mononoke, directed by Hayao Miyazaki, an exciting, fantastical tale of the increasingly frayed relationship between humanity and nature, set in Medieval Japan, and Patricia Cardoso’s Real Women Have Curves (2002), a coming-of-age story about a first-generation Latina named Ana García, who struggles to balance her family’s cultural expectations and her dreams of pursuing a college education.”

#### ***Events Approaching:* Girls Write Now Writing 360 Workshops**

##### **1- Tell it Through Jokes: The Joys and Benefits of Stand-Up Comedy**

“Scared of stand-up comedy? Never fear. It’s just another form of storytelling!

In this workshop, we will learn the basics of stand-up comedy writing, giving special attention to the ways stand-up can be a tool for activism and awareness around pertinent social issues. Participants will gain an understanding of thoughtful comedy writing, what not to do in stand-up, and how to intentionally engage audience members. We will also think through stand-up comedy's capacity for wellness and processing, how the connection between audience members and comics creates a space for social-emotional learning.”

***Eligible:*** All students who identify as women, trans, or gender-expansive

## **2- Co-creating Future: Augmented Reality As Crystal Ball**

“How can the art of divination, or fortune-telling, guide us to rethink software as a system of healing, and how can we use software to develop healing tools? Inspired by the I Ching, an ancient text of Chinese wisdom and the world's oldest oracle, artist and educator Zhenzhen Qi takes us through a variety of cultural divination practices to collectively design new or alternative patterns for fortune-telling. As a group, using the software development environment Lens Studio, we will code these patterns into a Snapchat AR filter to develop our own fortune-telling software experience. No prior software design or development experience is needed!”

***Eligible:*** All students who identify as women, trans, or gender-expansive

## National Labor Relations Board Student Ambassador Program

“The National Labor Relations Board is a federal agency that enforces the National Labor Relations Act. Through the NLRB’s **Student Ambassador Program**, students will get to engage with NLRB attorneys and investigators, and will learn about the rights of workers and the responsibilities of employers and unions. Students will complete a learning phase and then students will get the opportunity to create a public facing project that the NLRB will help shape and promote. **Each student will be assigned an attorney or investigator as a mentor for the public facing project.**”

Examples of a public facing project can be an article in a student or local newspaper or a presentation with an NLRB representative in a class or conference. This Program is a wonderful opportunity for students to develop familiarity with the law, law enforcement, and federal agencies. Equally as important, students will get the chance to create a project centered on what they have learned. They will develop their project skills, use their creativity, and step forward as leaders. At the end of the Program, they will receive a Certificate of Accomplishment.”

***Eligible:*** Current sophomores, juniors, and seniors

***Dates:***

### Lawyer Connection Club

“We strive to provide high school students an opportunity to understand various careers in law, politics and government. In giving students the chance to both learn about said careers through talking to a diverse group of professionals, we actively work to create a more informed youth who have a more accurate understanding of their interests. The club meets once a week via Google Meet with guest speakers - there will be opportunities to hear the life experiences of lawyers, judges, and other officials, ask questions, and receive advice on striving for similar success in the future.

In the club, students will build their knowledge of higher education, job applications, interview skills, and the lifestyles of those in the professions they're interested in."

## Cooper Union Programs

### 1. Cooper Next Scholars

“Cooper Next Scholars is a career exploration and professional development internship program for 10th and 11th grade, low- or middle-income students. Students will participate in communication, leadership college and career readiness workshops, and gain exposure to a variety of STEM careers. Students will also receive a stipend for their participation.”

**Eligible:** Current sophomores and juniors who are low or middle income students

**Dates:** Summer 2023

**Location:** TBD

**Cost:** Free

**Application Deadline:** **March 30**

**Links:** <https://cooper.edu/engineering/cooper-next-scholars>

### 2-Summer STEM Program

“The Cooper Union Summer STEM Program offers introductory and advanced design and engineering classes for high school students. Summer STEM is an opportunity to try engineering for the first time or to dive deeper into engineering team work. Each 3- or 6-week class covers college-level topics and activities completed by The Cooper Union undergraduates in their first or second year. This selective program encourages all curious, compassionate, and college-interested students to apply regardless of prior experience.”

**Eligible:** Current freshmen, sophomores, and juniors

**Dates:** Various (July - August)

**Location:** Cooper Union (41 Union Square, Manhattan)

**Cost:** \$1,950 (three-week classes) OR \$3,995 (six-week classes); need-based financial aid available

### **Inspirit AI Scholars Sessions – Spring and Summer Courses**

**I, Social Science and Ethics Track - Interdisciplinary Program by MIT Mentors - Inspirit AI** is a 25-hour project-based AI program that introduces middle/high school students to fundamental AI concepts to build impactful projects across disciplines such as arts and humanities. This year we are excited announce new projects such as Chatbots for Education, AI for Disaster-Aid, Hate Speech Prevention, and more. The program is taught by Stanford, MIT mentors and no CS experience is necessary.

[Applications](#) for Spring are due **March 15th**.

Inspirit AI students will explore applications, create foundational AI concepts, and develop AI programming skills before developing a Social Good project. The program also includes college and career preparation workshops, to prepare for top-ranked CS/AI programs and pursue ventures or careers in AI. After the program, students gain access to an online platform for continuous learning, including additional projects in a variety of domains. No programming or computer science experience is required. Advanced cohorts are available for students with prior programming experience.”

***Eligible:*** All Students

***Dates:*** Spring term and Early June - Early August

### **CDC Museum Disease Detective Camp**

“The Centers for Disease Control Disease Detective Camp is a free one-week summer public health program. Students will learn the fundamentals of CDC’s work: the field of public health and the science of epidemiology. The camp does not have a medical treatment focus. While we do briefly discuss the pathology of some diseases, most of the time is spent focused on the collection and analysis of data and the use of that data to improve people’s health. The camp also covers the many different career options available within public health.”

**Eligible:** All current sophomores and juniors who will be 16 by the start of camp

**Dates:** June 26 – 30 OR July 24 - 28

**Location:** CDC campus (Atlanta, Georgia)

### **Maimonides Medical Center Women in Science Program**

“The program provides a unique opportunity for qualified female applicants to intern in the hospital under the guidance of an assigned physician and experience life as a surgeon. The program’s objective is to inspire young women by providing a hands-on learning experience, during which the students will be paired with a mentor, who will provide one-on-one guidance to the students; be assigned their own research projects, leading to a presentation upon completion of the program; assist surgeons in an outpatient setting, learning more about direct patient experience; join surgeons in the

operating room to view firsthand the process of surgery; use the simulation equipment to “operate” on a patient; join resident-led lectures and discussions; read and discuss articles written by female surgeons and about female surgeons.”

**Eligible:** Current juniors who identify as female

**Dates:** July 5 - 28

**Location:** Maimonides Medical Center (4802 Tenth Avenue, Brooklyn)

## **2- Co-creating Future: Augmented Reality As Crystal Ball**

“How can the art of divination, or fortune-telling, guide us to rethink software as a system of healing, and how can we use software to develop healing tools? Inspired by the I Ching, an ancient text of Chinese wisdom and the world’s oldest oracle, artist and educator Zhenzhen Qi takes us through a variety of cultural divination practices to collectively design new or alternative patterns for fortune-telling. As a group, using the software development environment Lens Studio, we will code these patterns into a Snapchat AR filter to develop our own fortune-telling software experience. No prior software design or development experience is needed!”

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: [hblumm@stuy.edu](mailto:hblumm@stuy.edu)

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at [hblumm@stuy.edu](mailto:hblumm@stuy.edu) with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students.**
