In this week's edition, please note that there are new spots available in the **Ace Mentor** Engineering/Architecture/Construction program – Stuy students work with Port Authority professionals one afternoon a week; the application deadline is Monday, 11/16 (find it in the STEM section).

And, in the area of **Community Service**, a lower East Side/Chinatown non-profit welcomes Stuy student volunteers to help remotely with a variety of office tasks, or to work remotely with immigrant youth (in the Community Service section).

For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business & Jobs, Community Service, and so on.

New items always will be listed first in every category, followed by those with approaching deadlines (*Deadline Approaching*).

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship Coordinator Harvey Blumm at: hblumm@stuy.edu - we will share your helpful information with the Stuy community!

Lemontree Volunteering Opportunity

Two highly flexible volunteering opportunities with Lemontree:

- 1) “In It Together is a volunteer matching service founded at the start of the pandemic that makes volunteering at food pantries, senior centers and soup kitchens easy, fun, fulfilling and safe. We'll work with you directly to match you with a volunteer project wherever you are and whenever you're available. In It Together sends out high-need projects to volunteers via text so registering for projects is quick and simple! It's that easy.”
- 2) “Looking for the highest-impact, lowest-risk way to volunteer? Join our Flying Squad and help spread the word about our Food Help Hotline! We host flying events 3-4 times a week in convenient and easy to access public areas across the city. Your event leader will provide you with all the materials necessary for the project and break you up into small groups to complete your route. Each event is less than 2 hours long and makes a huge impact in getting the word out to those who need emergency food assistance most.”

Team #: 48

Day/Time of Meetings: Tuesdays 4pm-5pm.

Lead Company: Port Authority of NY & NJ

Team Leader(s): Stephanie Costello, Michael Cheng, Chris Brandimarte

Team Description: The Port Authority of NY & NJ is responsible for every public transportation link between New York and New Jersey. Our mentors have expertise in world-class transportation infrastructure that is essential to economic growth and vitality. At the Port Authority of New York and New Jersey, we keep the region moving by air, land, rail, and sea, so that the people and businesses of our region continue to thrive. With engineering in our DNA, we are shaping the future of the region with groundbreaking yet practical facilities and systems built for the 21st century. Taking our agency's broad portfolio of projects into account, our goal is to cater to our ACE students' interests in what kind of infrastructure project they want to work on.

Deadline Approaching: 2020-2021 Modeling the Future Challenge

“The Modeling the Future Challenge is a real-world competition for high school students combining math-modeling, data-analysis, and risk-management into one exciting challenge. To compete, students conduct their own research project modeling real-world data to analyze risks and make recommendations to companies, industry groups, governments, or organizations.” **Winners will receive a \$60,000 reward.**

Details: “To start the challenge, students must complete a Scenario in which they are given a real-world dataset and must answer approximately 30 fundamental questions regarding statistics and mathematical modeling to make sure they have developed the skills needed to complete their own actuarial research project. For

all teams passing through the scenario phase, they will define and conduct a project of their own choosing - following the Actuarial Process as a guide - and will complete a research report detailing their methodology, analysis, and recommendations. All teams accepted into the Project Phase of the program will be connected with an actuary mentor to help guide the students through the Actuarial Process and complete their research report.”

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: hblumm@stuy.edu

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students**
