Stuyvesant Student Opportunity Bulletin #22S

February 12, 2021

Please note that in this **"Short"** version of the Student Opportunity Bulletin, only the *New* and *Deadline Approaching* opportunities in each category are included.

For the list of **all** the opportunities in each category, you may click & open the **"Long"** version of the Student Opportunity document you received.

CATEGORY TABLE OF CONTENTS:

(**Download this entire PDF document** in order to use the following links to jump to your area(s) of interest)

This week's edition includes several excellent & interesting new opportunities – **some have very imminent deadlines, so please explore them ASAP**.

-In the ACADEMICS section, Columbia University offers a free **Introduction to Synthetic Biology mini-course,** which meets online for five Sundays.

-There are numerous new STEM section opportunities, such as next year's **Columbia Honors** Saturday program, the summer **MIT Lincoln Lab** programs, the freshman girls' **Goals for Girls** summer program, an Artificial Intelligence

(AI) webinar on February 20th, and an upcoming free **Code Days** open to all students with interest in Computer Science.

-In the <u>Medical/Life Sciences</u> section, all female students can register for the one-day **Perry Initiative** Orthopedics/Engineering events – do so ASAP since these are very popular & fill up early.

-In the <u>Business</u> section, there is a new paid summer finance internship for seniors from Futures & Options. (& more) later this month.

-In the <u>Leadership/Law</u> section, all students with an interest in law can check out the online **ConnectED** legal program. And every student can earn a **$5 gift card** by submitting an online civics survey!

Many programs have a **March 1 application deadline**. Please start exploring your options and begin applying to whichever fit your interests & talents – the students who end up with the best options are usually those who focus in January & February – **please do not procrastinate!!** All students and parents are always welcome to contact Harvey Blumm at hblumm@stuy.edu for advice & assistance.

For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business & Jobs, Community Service, and so on. *New* items always will be listed first in every category, followed by those with approaching deadlines (*Deadline Approaching*).

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship Coordinator Harvey Blumm at: hblumm@stuy.edu - we will share your helpful information with the Stuy community!

Events:

New: **Resume Writing Workshop & Career Panel**
"High school students can attend a resume writing workshop where participants can learn how to build a resume to showcase their accomplishments, expertise, and skill sets. On February 17, middle and high school students can attend a career panel where participants will hear from Black and Brown professionals about a variety of careers and industries, as well as how to **leverage multilingualism as an asset in the workplace.**"
Eligible: All students

Dates: **February 16 and 17** (11:00am – 12:00pm)

Location: Virtual

Application Deadline: **ASAP**

Cost: Free

Link: https://us02web.zoom.us/meeting/register/tZYlc-GupjoqE90uYZBuwV4J8tN1cpT11pI4

New: The **Perry Outreach Initiative Virtual Experience** is a free, 2.5-hour, interactive online experience for high school and college-aged women who are interested in pursuing careers in orthopaedics and/or engineering. Participants will

hear from women leaders in these fields and dive into online mock orthopaedic simulations and biomechanics experiments. The online session will be administered using Zoom meetings. **Sessions have limited capacity & often close early- so register ASAP!**

Eligible: All female students

Dates: **March 27** (12:00PM-2:30pm)

       March 29 (7:00PM-9:30pm)

Location: Virtual

Application Deadline: <u>**ASAP!**</u>

Cost: Free

New: The **NYC Math Circle** takes place at the Courant Institute at NYU. It offers several different math enrichment classes to high school students. A typical day consists of a class in the morning, followed by lunch, and a problem solving session in the afternoon. **Classes often fill up early – so apply ASAP!**

Eligibility: All students (new students have to take placement exams)

Dates: **July 26 – August 12**

Location: Online

Application Deadline: <u>**March 4 (Early Registration), April 29 (Regular Registration)**</u>

Cost: $700 - scholarship assistance is available to qualified students.

Link: https://www.nymathcircle.org/summer?mc_cid=5e01cfdb42&mc_eid=a88b7494f5

New: **SUMaC (Standard University Mathematics Camps)** offers two mathematical enrichment courses: Program I (Abstract Algebra & Number Theory) and Program 2 (Algebraic Topology). Students will receive real-time online instruction and college-level work.

Eligible: All Current Sophomores & Juniors

Dates: Session 1: **June 21 – July 9** (Only Program I offerings)

Session 2: **July 19 – August 6** (Program I & II offerings available)

Location: Virtual

Application Deadline: **March 10**

Cost: $3,250 – need-based financial aid available

Links: https://sumac.spcs.stanford.edu/

New: **Columbia University Science Honors Program:** This highly selective and free program offers Saturday morning classes in many exciting subjects, ranging from Astrophysics to Neurobiology, along with Mathematics & Computer Science. The program begins next September and runs throughout the 2021-2022 school year.

Eligible: All 9th, 10th, and 11th grade students

Dates: 2021 – 2022 school year

Location: Columbia University, Manhattan

Application Deadline: **March 15**

Cost: $50 Application Fee

Link: http://www.columbia.edu/cu/shp/apply.html

New: The **High School Apprentice Program** offers paid summer science & engineering research opportunities throughout the country (no residential or meal

plans provided), sponsored by the U.S. Army. Local sites include NYU, Columbia, the New York Institute of Technology, & SUNY Stonybrook. Students receive an authentic science & engineering experience as they work alongside Army Research Office sponsored university researchers and learn laboratory methods & develop skills in Army-critical research areas. No housing or meals are provided.

Eligible: Current sophomores & juniors

Dates: May to late August

Locations: Various throughout USA, including Columbia, NYU, and the New York Institute of Technology

Application Deadline: **March 15**

Links: https://www.usaeop.com/program/high-school-apprenticeships/

https://www.usaeop.com/apprenticeships-fellowships/

New: **Mathcamp** is an intensive summer program where students may explore undergraduate and even graduate-level math topics "while building problem-solving skills that will help them in any field they choose to study."

Eligible: All students

Dates: July 3 – August 8

Location: Virtual

Application Deadline: **March 18**

Cost: $1,500 – some financial aid may be available

Links: https://www.mathcamp.org/

https://www.mathcamp.org/about_mathcamp/

https://www.mathcamp.org/admission/fast_facts/

https://www.mathcamp.org/admission/apply_now/

New: The **MIT Lincoln Laboratory** offers two summer workshop programs:

LLRISE: A project-based virtual program in which students learn how to build small radar systems through instruction from scientists and engineers.

LLCipher: A virtual program that provides an introduction to theoretical cryptography. Students interested in mathematics or cyber security should apply.

Eligible: LLRISE: All Current Juniors

LLCipher: All Students

Dates: LLRISE: **July 11 - 23**

LLCipher: **August 2 - 6**

Locations: Virtual

Application Deadline: **March 27** (LLRISE) & **May 16** (LLCipher)

Cost: Free

Links: https://www.ll.mit.edu/outreach/llrise

https://www.ll.mit.edu/outreach/llcipher

New: The **International Summer School for Young Physicists** welcomes students who have a strong interest in physics and mathematics to apply. There will be mini courses introducing participants to concepts, keynote sessions where researchers discuss their work, career exploration coupled with Q&A sessions, and time to connect with peers.

Eligible: All Juniors & Seniors

Dates: **July 19 - 30** (10:00am - 4:00pm)

Location: Virtual

Application Deadline: **March 31**

Cost: $250 – some financial aid may be available

Links:

New: The **Ross Mathematics Program** is "designed to immerse students in a world of mathematical discovery. The Number Theory is the central topic of the program, but students will also explore deeper concepts. There are also undergraduate and graduate student counselors studying math and science providing guidance. Students should apply before the deadline indicated below because applications are accepted on a rolling basis and decisions may be released as soon as March."

Eligible: All Students ages 15 - 18

Dates: June 27 – August 6

Location: Virtual

Application Deadline: __April 1__ (Rolling Basis acceptances – apply early!)

Cost: $1,500 – need-based financial aid available

Links: https://rossprogram.org/

https://rossprogram.org/students/

https://rossprogram.org/students/to-apply/

https://rossprogram.org/students/course-topics/

New: **Cooper Union Online Summer STEM Engineering Program**

"This engineering-focused program meets Mondays through Thursdays and introduces students to high-level engineering design & problem-solving. It includes presentations, interactions with engineers & faculty, and student-initiated projects. Interested students should apply ASAP – Space is limited!"

Eligible: Current freshmen, sophomores & juniors

Dates: Session One: **July 6 – July 22;** Session Two: **July 26 – August 12**

Deadline: <u>**April 4**</u>

Cost: $1,585 – Substantial financial aid may be available to eligible students.

Links: https://cooper.edu/engineering/summer-stem

https://summer-stemcooper.slideroom.com/#/login/program/59564

Event Approaching: **Future Careers in Tech Panel Discussion**

"Are you interested in technology and want to know more about the industry and careers for the modern workforce? Join our esteemed panel of tech professionals who will share their journeys and tips on how to pursue a career in tech."

Eligible: All students

Date: <u>**February 17**</u> (6:00pm)

Location: Virtual

Application Deadline: Rolling Basis

Cost: Free

Links https://www.eventbrite.com/e/virtual-panel-future-careers-in-tech-tickets-138640789333?mkt_tok=eyJpIjoiTlRaa05qUXpNVEU0TnpFNSIsInQiOiJcLzdmRFhmR0RGNSt6MkhTRDN0a1U4Qk5Wa29CTGlFXC9zcXNGUmhTSDJESzg0eXM4UWViNlk4cExwSWVPYUR3QWJLTW5reSthaFNsdERxeEHB2M2U5NEV2NjZNckFCN1YrTFFNVUXRKdGVXaDh6d09ZbENUXC8wbzNkVURZeEtNMGVFdCJ9

Deadline Extended/Approaching: The **Tech 360 Program** is a ten-week spring afterschool program open to students with an interest in technology, web development, and computer science. This is an immersive program offering students weekly computer science and technology classes, mentorship with technology professionals, and access to professional opportunities with local technology companies.

Eligible: All sophomores & juniors: priority given to students who:

- Self-identify as African American / Black
- Self-identify as Hispanic / Latinx
- Self-identify as females and/or girls
- Self-identify as gender non-conforming and/or non-binary and/or agender
- Self-identify as LGBTQIA+

Dates: Ten weeks beginning in February consisting of 3 hour weekly sessions

Location: Virtual

New Application Deadline: **February 14**

Cost: Free

Links: https://www.americaontech.org/tech360.html

https://www.americaontech.org/uploads/1/2/7/6/127666989/tech360_s2020.pdf

Early Acceptance Deadline Approaching: The **Girls Who Code** free two-week **Virtual Summer Immersion Program** welcomes applicants with little to no experience in computer science. "The program will help students develop their

computer science skills and build a professional network. Students may also apply for a SIP Stipend Award for $300.

Eligible: All current female freshmen, sophomores & juniors who identify as female, non-binary, or gender nonconforming, regardless of gender assignment at birth."

Dates: Summer

Location: Virtual

Application Deadline: **February 17** (Early Acceptance), **March 19** (General)

Cost: Free

Deadline Approaching: **Tech Scholars Online**

Female students may sign up for two online programs: **Web Design** or **Video Games**. In Web Design, students will learn how to code and create a website using HTML and CSS. In Video Games, students will learn to code in JavaScript and create a 2D video game.

Eligible: All female students

Dates: **Web Design:** Monday - Friday **February 15 - 19** (10:00am - 3:00pm), OR: afterschool on Wednesdays from **March 3 – April 7** (4:30 - 6:30pm)

      Video Games: Monday - Friday March 29 – April 2 (9:00am - 3:00pm)

Application Deadlines: **February 25**, **March 25** respectively for the dates above

Cost: Free (Pay-what-you-want basis)

Link: https://www.nyhistory.org/education/teen-programs/tech-scholars

Deadline Approaching: **The International Young Researchers' Conference**

All students are invited to submit research papers in a wide variety of fields, with selected applicants invited to an international conference in the spring term.

Eligible: All students

Dates: March

Location: TBA

Application Deadline: **February 21**

Cost: $40 (if paper is accepted, there will be an invitation to register for the conference)

Links: https://www.the-iyrc.org/

https://www.the-iyrc.org/iyrc2021submissions.html

https://www.the-iyrc.org/pre-register.html

https://www.the-iyrc.org/faq.html

Deadline Approaching: **Cooper-Hewitt Student Design Challenge:**

 All high school student artists & designers are invited to enter this contest (individually or in small teams) by submitting a design answer to the question they provide. Full competition rules and conditions, will be posted on the sites below by December 15, 2020. Winners will get to work with professional designers & experts on their chosen ideas. Check out the student resources below to help with the design process.

Eligible: All students

Application Deadline: **February 22** (Entry period opens January 5)

Links: https://www.cooperhewitt.org/design-competition-design-challenge/

https://www.cooperhewitt.org/design-competition-how-to-enter/

https://www.cooperhewitt.org/design-competition-teacher-and-student-resources/

Event Approaching: **Goals for Girls Virtual Information Session:**

Current 8th and 9th grade girls are encouraged to attend a 11:00am session about the GOALS for Girls 6-week summer intensive program, which focuses on leadership and STEM (science, technology, engineering and math).

"This informational will go through all aspects of the program to let parents and girls know how to become a GOALS Girl, including the application and interview process, the knowledge and confidence students gain by participating in the program, the topics that are presented and the activities in which the girls take part."

Interested students should RSVP ASAP!

Eligible: 9th grade girls

Dates: Information Session: **Saturday, February 27:** 11:00am – 12:00pm

Program Dates: **July 6 – August 13**

Location: Online

Application Deadline: Rolling Basis

Links:

https://docs.google.com/forms/d/e/1FAIpQLSflEhiMAzY8eeTtpY7A7Jbgrc2HZArOgcSv9pOIj3mZiszxFA/viewform

Deadline Approaching: **Free Digital Animation Workshops**

"The Animation Project teaches professional-level 3D computer animation skills for careers in video game design, music video design, animation, engineering, cartooning, fashion design, photography, film and more! The groups are co-led by an art instructor and a professional computer animator who teach the students how to storyboard and use the Autodesk animation software to tell their story. Professional guest speakers from the industry also join some sessions to share their experiences." Participants receive a $500 stipend.

To learn more:

Call or text us at (917) 282-0931 | Email us at **group@theanimationproject.org**.

Eligible: All students

Dates: Twice a week for nine weeks: Session 1: **2/27-4/30** & Session 2: **5/3-6/30**

Locations: Various

Application Deadline: **ASAP**

Cost: Free

New: **Summer Research Program**

The **Garcia Center at Suny Stonybrook** offers a high-level seven-week summer research/instruction science program to interested students. This selective program focuses on polymer science & technology.

Eligible: Students 16 or older (by July 4) with a 95+ GPA

Dates: June 28 – August 13

Location: SUNY Stonybrook

Application Deadline: **February 24**

Cost: $2,500

Links: https://www.stonybrook.edu/commcms/garcia/summer_program/apply

https://www.stonybrook.edu/commcms/garcia/summer_program/about.php

New: The **MISA (Medical Immersion Summer Academy)** is accepting applications from students interested in healthcare. Throughout this one-week program, students will experience virtual simulation labs on medical procedures, hands-on training of medical techniques, introduction to clinical research, and connect with health professionals.

Eligible: All Students ages 15 and older

Dates: Summer: **July 19 – 23** or **July 26 - 30** or **August 2 - 6**

Location: Virtual or in-person in Oakland, California - TBD

Application Deadlines: **April 2**

Cost: $900

Links: http://misahealth.com/

https://healthpipeline.wufoo.com/forms/w1nrm5ih1dwvzna/

New: **Rockefeller University Talking Science Event:**

The Covid 19 Pandemic: The Road to Recovery

"All students are invited to join this in-depth look at how, as the novel coronavirus quickly escalated to pandemic proportions, scientists began doing what they do

best – consider what questions need to be asked to understand, treat, and prevent infection. Who is most susceptible to SARS-CoV-2? What can we learn from low-risk patients who unexpectedly develop severe infection? Does this virus resemble any others for which remedies have already been identified and could be used as a model?"

Eligible: All students

Date: **Monday, February 22** (4:00 – 5:00pm)

Location: Virtual

Application Deadline: Rolling Basis

Cost: Free

Link: https://www.rockefeller.edu/talking-science/this-years-event/road-to-recovery/

Information Session Approaching: **BioBus Paid Summer Internship**

Participants serve as mentors at the BioBus Summer STEM camp for elementary school students and then do research with BioBus scientists on weekends throughout the 2021-2022 school year. There is an Information Session on February 25.

"BioBus, Inc. is seeking students with a passion for science exploration, and an interest in gaining research experience and teaching experience. Interns will receive training/mentorship by research scientists, while developing their own independent projects using research-grade microscopes, participate in outreach events and gain science communication skills. Interns will be paid by the hour. **BioBus seeks to diversify our student popula**tion by giving preference to individuals from groups

that are underrepresented in the STEM fields (such as minority, female and low-income students). All students are welcome to apply."

Eligible: All current 9th, 10th, and 11th grade students may apply: preference given to minority, female, & low-income students.

Dates: Summer and 2021-2022 school year:

Information Session: **Feb. 25** (4:00pm)

Location: 3227 Broadway at 129th Street, Manhattan

Application Deadline: **March 15**

Cost: Free – participants are given hourly pay.

Theater/Writing/Music/Video:

New: **Ghetto Film School**

"The Ghetto Film School in the Bronx invites all students with an interest in filmmaking to apply for their free, 30-month Fellows program, which introduces students to professional-level film production and industry workshops. It begins this summer and continues into 2024 school year with Saturday professional training sessions. The Fellows Program is an intensive and challenging program requiring an exceptionally high level of commitment from all participants. In addition to the 30-month class schedule, students and instructors oftentimes spend weekends and evenings at Ghetto Film School when additional time is necessary. Perfect attendance is mandatory. The value of your experience depends on maintaining great dedication to our program and your fellow filmmakers."

Eligible: All students

Dates: Summer 2020 – Spring, 2024; Saturdays throughout school year

Location: 79 Alexander Avenue, Bronx, New York

Application Deadline: **March 31**

Cost: Free

Links: https://www.ghettofilm.org/nyfellows

https://docs.google.com/forms/d/1IQlVQi-L-ii4M15wxGTJL1ry-JwgrrsVHE-MSfYa9EE/viewform?edit_requested=true

Deadline Approaching: **YCteen Spring Writing Internship**

"Students interested in being a voice for other teens should apply for this internship. YCteen writers are mentored by full-time professional editors and will learn memoir writing and journalism skills. Students should expect rigorous writing tasks but with accompanying support and guidance. Writers will be paid $100 per published article."

Eligible: All Students

Dates: Spring 2021

Location: Virtual

Application Deadline: **February 18**

Cost: Free

Links: https://www.ycteenmag.org/write/ycteen.html

https://sfyouthcomm.formtitan.com/ycteen-writer-application#/

Deadline Approaching: **Princeton University Summer Journalism Program:** This free virtual program is for low-income juniors who might be interested in journalism as a career. Students participate in a range of workshops, lectures, and activities led by professional journalists, Princeton professors, and program alumni.

Eligible: Low- income juniors (family income below $60,000) with a minimum 3.5 GPA.

Dates: Mid June – Early August

Application Deadline: **February 22**

Cost: Free

Links: https://psjp.princeton.edu/about-program/apply

https://psjp.princeton.edu/apply/application-process

Deadline Approaching: **Momath Song Contest**

The Museum of Mathematics is accepting submissions for its annual song competition, **Open Set**. "Write your own words to a favorite tune or compose your own melody; the only rules are that the lyrics must be original and must be about math or a mathematical concept. The winners will be announced — and the winning songs presented — at an online event on March 24." You may submit up to three songs.

Eligible: All Students

Application Deadline: **February 22**

Links: https://momath.org/open-set/

https://momath.org/civicrm/?page=CiviCRM&q=civicrm%2Fevent%2Fregister&id=4462&reset=1

Program Approaching: **Plugged In Rock Band Program**

"Students at all musical levels are welcome to join their variety of hands-on remote programs, which also include Songwriting, private lessons, OpenMics, and more. For the Band program, each band class consists of 4-6 students and 1 teacher and is comprised of drums, guitar, bass, vocals, and can also include keyboards. Students learn to play their individual instruments, develop a set list, and work as a group, all with guidance from our trained teaching staff. Band sets can include original material and/or cover songs chosen by the students. All bands will perform at an end of session concert.

Eligible: All students

Dates: **February 22 – June 10**

Application Deadline: Rolling Basis

Cost: $700 (for Band program)

Links: https://pluggedinband.org/

Deadline Approaching: The **World of 7 Billion Student Video Contest** welcomes short video entries from all students. This year's challenge is to create a short video – up to 60 seconds – about human population growth that highlights one of the following global challenges: Promoting Environmental Justice, Strengthening Global Health, Re-Imagining Industrial Systems. All videos must include:

a) how population growth impacts the issue

b) at least one idea for a sustainable solution

The top prize for students is $1,200.

Eligible: All students

Application Deadline: **February 25**

Links: https://www.worldof7billion.org/student-video-contest/

Resume & cover letter templates for basic student resumes may be accessed at the following links:

http://jobsearch.about.com/od/resumesandcoverletters/l/blhighschool2.htm

http://jobsearch.about.com/od/resumetemplates/a/templatehs.htm

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: hblumm@stuy.edu

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students**
