This week's edition includes several excellent & interesting new opportunities – **some have very imminent deadlines, so please explore them ASAP.**

-In the ACADEMICS section, Columbia University offers a free **Introduction to Synthetic Biology mini-course**, which meets online for five Sundays.

-There are numerous new STEM section opportunities, such as next year's **Columbia Honors** Saturday program, the summer **MIT Lincoln Lab** programs, the freshman girls' **Goals for Girls** summer program, an Artificial Intelligence

(AI) webinar on February 20<sup>th</sup>, and an upcoming free **Code Days** open to all students with interest in Computer Science.

-In the Medical/Life Sciences section, all female students can register for the one-day **Perry Initiative** Orthopedics/Engineering events – do so ASAP since these are very popular & fill up early.

-In the Business section, there is a new paid summer finance internship for seniors from Futures & Options. (& more) later this month.

-In the Leadership/Law section, all students with an interest in law can check out the online **ConnectED** legal program. And every student can earn a **\$5 gift card** by submitting an online civics survey!

Many programs have a **March 1 application deadline**. Please start exploring your options and begin applying to whichever fit your interests & talents – the students who end up with the best options are usually those who focus in January & February – **please do not procrastinate!!** All students and parents are always welcome to contact Harvey Blumm at [hblumm@stuy.edu](mailto:hblumm@stuy.edu) for advice & assistance.

For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business & Jobs, Community Service, and so on.

*New* items always will be listed first in every category, followed by those with approaching deadlines (*Deadline Approaching*).

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship Coordinator Harvey Blumm at: [hblumm@stuy.edu](mailto:hblumm@stuy.edu) - we will share your helpful information with the Stuy community!

The **MinKwon Center for Community Political Action** is looking for **translators** for community outreach. Students who speak a language other than English and would like to volunteer will receive community service hours. Send an email including your first name, last name, and other language you speak to [volunteer@minkwon.org](mailto:volunteer@minkwon.org).

“We will be calling people to ask whether or not they are registered to vote and to encourage them to vote for the upcoming special elections on February 2nd, 2021.

Each night, we will be making calls in different languages to reach out to voters about Ranked Choice Voting and helping them make a voting plan for the special election! **The languages that we are wanting to make calls in are Korean, Chinese, Spanish, Urdu, Hindi, and Bangla.**

Some of the neighborhoods in District 24 are Fresh Meadows, Kew Garden Hills, Jamaica, and Briarwood. We strongly encourage you to join as this means a lot for your neighborhood!

If you are interested and want to join, please send an email to [volunteer@minkwon.org](mailto:volunteer@minkwon.org) with the language you speak and the days you are available!”

***Eligible:*** All Students

***Application Deadline:*** ASAP

## **GOALS for Girls STEM Summer Intensive Program**

The **Program in Algorithmic and Combinatorial Thinking (PACT)** is a virtual summer program consisting of guest lectures & discussions that introduce students to various topics in theoretical computer science, discrete mathematics and algorithms, computer science, and more.

“The program teaches students about the mathematics and algorithms fundamental to the computer science field. Many summer programs teach high school students programming and application development, but this five-week intensive course is one of very few with a theoretical and proof-based emphasis. The only requirements to participate are high school algebra, the willingness to work hard and be challenged, and, above all, the desire to learn.”

*Eligible:* All 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup> graders

*Dates:* June 28 – July 30

*Application Deadline:* **March 5**

*Cost:* \$1,500 – limited financial support available

***Information Session Approaching:* BioBus Paid Summer Internship**

Participants serve as mentors at the BioBus Summer STEM camp for elementary school students and then do research with BioBus scientists on weekends throughout the 2021-2022 school year. There is an Information Session on February 25.

“BioBus, Inc. is seeking students with a passion for science exploration, and an interest in gaining research experience and teaching experience. Interns will receive training/mentorship by research scientists, while developing their own independent projects using research-grade microscopes, participate in outreach events and gain science communication skills. Interns will be paid by the hour. **BioBus seeks to diversify our student population** by giving preference to individuals from groups that are underrepresented in the STEM fields (such as minority, female and low-income students). All students are welcome to apply.”

**Eligible:** All current 9<sup>th</sup>, 10<sup>th</sup>, and 11<sup>th</sup> grade students may apply: preference given to minority, female, & low-income students.

**Dates:** Summer and 2021-2022 school year:

Information Session: **Feb. 25** (4:00pm)

**Location:** 3227 Broadway at 129<sup>th</sup> Street, Manhattan

**Application Deadline:** **March 15**

### **Summer Neuroscience Program at Rockefeller University**

This is a selective summer neuroscience program for high school students (16 and older). It includes classroom sessions and hands-on projects. Motivated, mature, and inquisitive applicants are encouraged to apply.

“The Summer Neuroscience Program (SNP) at The Rockefeller University is a two-week course aimed at introducing talented NYC public high school students to the brain. Led by graduate students, the program takes a look at the most current research in neuroscience in an effort to understand how our brain works and how it

relates to our daily life. In addition to the series of highly interactive lectures, students present fun and fascinating journal articles to their classmates. Students also visit research laboratories, dissect brains, and design and conduct neuroscience experiments.”

## **Virtual Physician Shadowing & Course with Baseline Med**

“Welcome to **Virtual Shadowing | Nano Course in Emergency Medicine!**

This is an online program that you can take on your own time.

Watch over the shoulder of one of our physicians, nurse practitioners, or PAs as they go bedside in the ED to assess and diagnose a simulated patient. Each video is followed-up by a series of questions posed to the student and then a summary by the physician. A short quiz on the topic addressed finalizes each class. These videos are **free** and if so desired, after successfully completing all five modules with a 100% score, students can apply for a Certificate of Completion from the University of Colorado School of Medicine for a \$50 fee (covering our costs of producing the videos).

**Eligible:** All students

**Dates:** Ongoing

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: [hblumm@stuy.edu](mailto:hblumm@stuy.edu)

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at [hblumm@stuy.edu](mailto:hblumm@stuy.edu) with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students**
