**Congratulations to the Class of 2021!** With gratitude to the Alumni and Parent Associations, and the hard work of Mr. Polazzo, the Senior Caucus, and staff, Stuyvesant held an in-person graduation ceremony with livestream on June 25 for the Class of 2021 at Arthur Ashe Stadium. Catch the [highlights at this link](#) including the **program** and **performances from our Chorus**; or watch the full recorded [livestream](#). We wish the very best to all our graduates!

Congratulations as well to all our students, teachers, administrators, staff, and families for making it through one of the most challenging school years in history. We have stretched the strengths of our community to lengths we didn't think possible. We've truly become #stuystrong together.

This will be the last Weekly Update of the 2020-21 school year. Through summer, you may keep up with Stuyvesant through our [Blog](#), the [school website info](#) and [News](#) Pages and our official social media on [Facebook](#), [Twitter](#), [Instagram](#) and [LinkedIn](#).

Last week, we hosted incoming freshmen families in a virtual Parent-to-Parent Panel Discussion. You can catch the [recording at this link](#).

**Diploma pickup** and **device drop off** will occur on **Monday and Tuesday, June 28 and 29**. Class of 2021 should [migrate data](#) from their stuy.edu before October.

Report cards were emailed on June 25 and posted to Talos. The deadline for senior families to **request a CR grade** that will appear on the transcript sent to colleges is Sunday, June 28 at 6pm. Families in grades 9-11 may begin to request on Monday, June 28 at 8am. [Instructions are linked](#).

Counselors, Administrators and Secretaries will be working until June 29. You can still connect with some staff through our Summer Rising Program, which begins on July 6. Students will resolve NX grades in person at Stuyvesant with teachers on hand in each content area working on common assessments until they are complete. Those registered received a letter on June 24. We will host a Summer Discovery Program beginning July 6 ending on July 29 with three weeks of remote instruction and one week in-person. Rising juniors chosen by lottery will participate in one of three 2-week intensive accelerated Health courses held remotely.

Have a relaxing Summer! Keep checking your email. We'll welcome students on September 13, 2021 in person!
