

Stuyvesant High School Weekly Update

We hope you are enjoying a restful Spring Break and the holidays! Later today, students scheduled to take AP exams will receive an email from Dr. Haber with their fee waiver qualification status and link to the [AP Exam payment portal](#). The deadline for payments has been extended to **April 16, 2021**. The [AP Exam Schedule](#) is posted on the Stuyvesant school website and on the [Talos Blog](#). Students will be asked to fill out an important survey attesting they have a device at home that can be used to take their AP exams. Please make sure to answer this survey with your stuy.edu account.

The DOE has opened up another opportunity to **opt-in to blended learning** for this school year. High School students who opt in will return to the building some time in April; the date has not yet been determined. **All families interested must opt in by April 7, 2021**. Read the important [information on how to opt in](#) and how to [consent to weekly mandated covid testing](#). Feel free to reach out to ringram3@schools.nyc.gov for questions.

We were thrilled to welcome back students last week to the building for instruction and had such a wonderful time in [community building activities](#) with the students. Special thanks to all the administrators, staff members and students who planned and engaged in fun team building activities and to the Student Union, club leaders and coaches who planned a socialization and PSAL info day on Friday! Check out what blended learning looks like this Spring in the collage on the next page. While we are still organized in pods for remote instruction; students are grouped by free periods and PE classes to afford for the most opportunities for socialization, lunch together as well as exercise and trips outdoors. Students have opportunities for games, talking, tours, learning, activities, and some contests with each other and even admin. We heard about a push-up contest with Mr. Moran last week and [Principal Yu even accepted a challenge to a race](#).

We continue to stand firm against Anti-Asian Violence. If you haven't, please continue to check the resources in [Mr. Colon's Newsletter](#) that are linked on page 4 of this and previous Updates and in the photos at the bottom of page 4.

If you missed the **SLT Meeting** last week, you may watch the recording at [this link](#) and view the materials on the [SLT Info Hub](#) on Talos.

We hope families enjoyed their conferences with teachers last week! Over 4000 conferences were held by our teachers and counselors with over 100 made with interpretation; and open zooms were held for parents by the librarians and I. Families who were unable to schedule a conference are encouraged to [email](#) with the teacher for an update or the counselor.

Coming up when we return, juniors scheduled for the [SAT on April 13, 2021](#) should look for a reminder on April 9 and take advantage of the opportunity for [prep classes by Kweller Prep](#).
