Stuyvesant Student Opportunity Bulletin #21S

February 3, 2023

Please note that in this **"Short"** version of the Student Opportunity Bulletin, only the *New* and *Deadline Approaching* opportunities in each category are included.

For the list of **all** the opportunities in each category, you may click & open the **"Long"** version of the Student Opportunity document you received.

CATEGORY TABLE OF CONTENTS:

(**Download this entire PDF document** in order to use the following links to jump to your area(s) of interest)

For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business Internships & Jobs, STEM Opportunities, Community Service, and so on.

Here are some highlights for this week:

In the STEM/MEDICAL section, the **Summer Health Internship Program** (SHIP) welcomes applications from current students 16 and older (by summer) with an interest in health care. There are two related programs, one for students who live or attend school in Manhattan/Staten Island & one for those in the Bronx or Westchester. Also, the **Weill Cornell/Meyer Cancer Center summer program** is open to current 10th and 11th grade students.

And, in the LEADERSHIP/LAW section, both the **Manhattan and Brooklyn District Attorney** offices offer in-person summer internships (sophomores and older). The application deadline for the Brooklyn D.A. is **February 5ᵗʰ**!

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship/Opportunity Coordinator Harvey Blumm at: hblumm@stuy.edu - we will share your helpful information with the Stuy community!

And, as always, students and parents should feel free to contact Harvey Blumm for advice & assistance: hblumm@stuy.edu

Program Ongoing: Data for the People (D4P) Science and Medicine – How Do We Study Ourselves?

"During this season of D4P, we'll explore the science of how we study ourselves, and how our complexity, both as biological systems and as people with unique lives and identities, creates challenges and opportunities for improving human health. We'll draw throughlines from the past to the present, examining how historical biases and

power structures have influenced the way scientific knowledge is generated, valued, and transformed into medical advances. Drawing from recent research, we'll consider the question "how do we study ourselves?" through topics like the ethics of genome sequencing studies, the rationale for gender- and race-balanced clinical trials, and the role of social inequities in healthcare access and outcomes. We'll also explore new, innovative practices to ask the next, even more important question: "how do we get better at it?"

Event Ongoing: Data for the People (D4P) Science and Medicine – How Do We Study Ourselves?

"During this season of D4P, we'll explore the science of how we study ourselves, and how our complexity, both as biological systems and as people with unique lives and identities, creates challenges and opportunities for improving human health. We'll draw throughlines from the past to the present, examining how historical biases and power structures have influenced the way scientific knowledge is generated, valued, and transformed into medical advances. Drawing from recent research, we'll consider the question "how do we study ourselves?" through topics like the ethics of genome sequencing studies, the rationale for gender- and race-balanced clinical trials, and the role of social inequities in healthcare access and outcomes. We'll also explore new, innovative practices to ask the next, even more important question: "how do we get better at it?"

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: hblumm@stuy.edu

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students.**
