National Labor Relations Board Student Ambassador Program

"The National Labor Relations Board is a federal agency that enforces the National Labor Relations Act. Through the NLRB's **Student Ambassador Program**, students will get to engage with NLRB attorneys and investigators, and will learn about the rights of workers and the responsibilities of employers and unions. Students will complete a learning phase and then students will get the opportunity to create a public facing project that the NLRB will help shape and promote. Each student will be assigned an attorney or investigator as a mentor for the public facing project.

Examples of a public facing project can be an article in a student or local newspaper or a presentation with an NLRB representative in a class or conference. This Program is a wonderful opportunity for students to develop familiarity with the law, law enforcement, and federal agencies. Equally as important, students will get the chance to create a project centered on what they have learned. They will develop their project skills, use their creativity, and step

forward as leaders. At the end of the Program, they will receive a Certificate of Accomplishment.”

Eligible: Current sophomores, juniors, and seniors

Dates:

Learning Phase: **July 18 to July 27, 2022.** Mondays, Tuesdays, and Wednesdays, 5 p.m. to 6:30 p.m. (hours may be adjusted to accommodate all participants)

Project Phase: To be implemented during Stuyvesant High School’s **Fall, 2022 semester.**

Cooper Union STEM Saturdays Virtual Reality Program

“STEM Saturday Students develop design, engineering and entrepreneurial skills as they create "Technology for Good" to solve a current or emerging problem or opportunity for their community.

In this session students will collaborate on world-building in VR to solve problems within The Cooper Union and New York City communities. Students will also work on developing their engineering network and planning for college and career through workshops with Cooper Union staff and alumni and engineering professionals from technology and engineering companies. Each session ends with a celebration and student showcase highlighting progress made towards developing skills and addressing community needs.”

Eligible: All current freshmen, sophomores & juniors are eligible; preference to students that identify with a group underrepresented in engineering

Dates: Saturdays from March 5 – May 7

Location: In-person at 41 Cooper Square, Manhattan

Deadline: February 17

Cost: Free

The Yale Summer Program in Astrophysics

YSPA is a research program in which students spend two weeks virtually learning skills in astronomy and programming. Then, they are invited to the Yale campus for four weeks to develop a complex astrophysics modeling project. Students gain skills in physics, math, astronomy, programming, data visualization, and data science. Members of underrepresented groups in STEM are encouraged to apply.

Eligible: Rising seniors (Current juniors)

Dates: June 27 – August 6, 2022

Location: Virtual and on the Yale campus

Application Deadline: **March 5**

Cost: \$5,500 (Some financial aid may be available)

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: hblumm@stuy.edu

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal &

detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students**
