This weekly bulletin informs students, parents, and staff about internships, academic programs, jobs, leadership & community service initiatives, and other student opportunities in a variety of fields. Please carefully note deadlines, age requirements, and other pre-requisites for participation.

For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business Internships & Jobs, STEM Opportunities, Community Service, and so on.

These various opportunities utilize different formats. Some are in-person, some remote, and some will involve a hybrid arrangement. Check each program for their specific format and schedule. Students should consider applying to any that match their interests and talents. **Some program deadlines are fast approaching** – please do not miss them!

Some highlighted programs in the categories below (**often with approaching deadlines**) include:

EVENTS: There **Museum of Mathematics** offers several upcoming evening sessions led by rising young female mathematicians – all students are welcome, and Stuy students pay only \$5. The first event – focused on algebra - is scheduled for October **Columbia’s Lamont-Doherty Earth Sciences Observatory** is holding an Open House on Saturday, 10/19 – all are welcome to attend this free event. Their scientists offer a wide variety of activities, programs, demonstrations and other attractions; free shuttle bus transportation is provided from the Columbia campus to and from their location in Palisades, New York.

And there is a virtual **College Fair** with over 50 participating colleges, plus financial aid workshops, free to all, on September 21st.

ACADEMICS: **Cooper Union’s STEM Saturdays Program** for current low/lower-middle-income & under-represented 9th, 10th, and 11th graders offers free Engineering & Design programs on Saturdays from November to February. The application deadline is **October 17th**.

BUSINESS: The **Rock the Street Wall Street Program** for female-identifying students at all grade levels begins after school next Tuesday, 10/15. Students meet for five Tuesdays with female finance professionals at Stuy (Room 411). They will learn about personal finance, investments, resumes & interviews, and more – space is limited, so interested students should register ASAP.

And the **Museum of American Finance Academy** is a free virtual opportunity open to all current juniors and seniors. This five-session program awards several scholarships and begins on 10/15.

ART/MUSEUMS: **Art Connection's Student Art Project** welcomes artwork submissions from all high school students. And the **New York Public Library Art Contest** focuses on "the freedom to read." All students may participate.

STEM: The **Ace Mentor** program welcomes all students to participate in their year-long engineering/architecture collaboration with the Port Authority of NY/NJ. Students work with PA professionals on a real project, in-person, at their offices near Stuyvesant. Meetings begin in early November and takes place after school on Tuesdays - all are welcome to apply.

The Science and Engineering Apprenticeship Summer Program

is open to current 10th, 11th, and 12th graders. Participants work in Dept. of the Navy labs with scientists & engineers on naval research and technology; the application deadline is November 1st.

WRITING/THEATER: The **Bell Newsroom Internship** offers 'hands-on' journalism experience to students from all grades. It meets after school on Tuesdays & Thursdays.

Aspiring student playwrights may apply to the **Lucille Lortel High School Playwrighting Fellowship**.

And there are several new writing contests (open to all) in this week's edition!

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship/Opportunity Coordinator

Harvey Blumm at: hblumm@stuy.edu - we will share your helpful information with the Stuy community!

Events of Interest to Students:

***New:* An Exploration of Algebraic Operations**

“This series on different mathematical topics is appropriate for students in middle school and high school, but undergraduate and graduate students who are interested in the *Mathematics Outreach Seminar and Training* (MOST) program are welcome to attend to learn more. The MOST program provides early-career female mathematicians with professional development and speaking opportunities to advance and inspire others through math outreach.

October 20th Session: Why is the order of operations in that order? Let’s take a peek behind the scenes of abstract algebra to better understand operations, how they work, and if they can be applied to objects other than numbers.

Indulge in mathematical fun that extends into the evening! Participants will also explore the Museum’s dynamic exhibits, engage with a peer group that’s passionate about math, and enjoy decadent hot cocoa and chocolate chip cookies all night long.”

Sparks Within Reach Fall Term Education Internship

“We are currently seeking high school students to become volunteer tutors at P.S. 188 (The Island School), a K-8 public school on the Lower East Side of Manhattan. Many of the students at P.S. 188 are low-income, facing housing insecurity, or otherwise at-risk. Tutors will have the opportunity to make a real impact with these students by

providing them with one-on-one academic and social-emotional support during the P.S. 188 afterschool program.

We are looking for compassionate, dedicated 9th-12th grade students to join our team at P.S. 188 and help us make a difference in students' lives!

Please note that no experience is required, as all instructors will be trained in tutoring methods, social-emotional learning, and trauma-informed teaching. Interested students may reach out to contact@sparkswithinreach.org with any questions.”

Working Papers: Some jobs, internships, and programs do require students 14-17 years old to obtain working papers (official name: employment certificates). The necessary application form may be obtained from Mr. Myles Sebastien (who can explain the procedure and answer any questions) in the Stuyvesant Guidance Office (Room 236) between 8:00am – 3:30pm.

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: hblumm@stuy.edu

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students.**
