## **New: Engineering Summer Academy at Penn**

“The Engineering Summer Academy at Penn (ESAP) welcomes highly motivated and talented students to explore Engineering at the college level. The Academy’s intensive, three-week programs combine sophisticated theory with hands-on practical

experience in cutting-edge technologies. Work with leading faculty while earning college credit, live on Penn's historic campus, and connect with new friends from around the world. Courses are offered in Artificial Intelligence, Biotechnology, Complex Networks, Computer Graphics, Computer Science, Nanotechnology, and Robotics.”

**Eligible:** Rising sophomores, juniors, and seniors who are 15 (by program's start date)

**Dates:** July 7 - July 27

**Location:** University of Pennsylvania, Philadelphia

**Application Deadline:** **March 1** (Priority Deadline), **April 5** (General Deadline)

**Cost:** \$8,500; financial aid available

**Link:** <https://esap.seas.upenn.edu/about/>

### **New: Ross Mathematics Program**

“The Ross Program is an intensive summer experience designed to immerse students in a world of mathematical discovery. The Number Theory is the central topic of the program, but students will also explore deeper concepts. There are also undergraduate and graduate student counselors studying math and science providing guidance.”

**Eligible:** All students who are between 15 and 18 years old

**Dates:** June 9 – July 19 OR June 16 – July 26

**Locations:** Otterbein University in Columbus, Ohio, OR the Rose-Hulman Institute of Technology in Terre Haute, Indiana

**Cost:** \$7,000 (need-based financial need available)

### ***Deadline Approaching:* Future Engineers Power to Explore Challenge**

“Your challenge is learn about nuclear ‘batteries’ that power space exploration and dream up a new space mission. Your task is to plan a mission that uses Radioisotope Power Systems (RPS) to explore a location with limited light. RPS enables exploration to the deepest, darkest, and dustiest places, and NASA wants to hear where you would go, what you would explore, and how you would use this special power to achieve mission success.

Fifteen national semifinalists in each grade category (45 semifinalists total) will receive a NASA RPS Prize Pack. Three national finalists in each grade category (9 finalists total) will receive an exclusive virtual session with a NASA RPS expert. One grand prize winner from each grade category (3 grand prize winners in total) will receive a trip for two to NASA’s Glenn Research Center in Cleveland, Ohio, to learn about the people and technologies that power NASA missions.”

***Eligible:*** All students

### ***Deadline Approaching:* Girls Who Code Summer Programs**

“Girls Who Code offers two summer programs: the Summer Immersion Program and the Self-Paced Program. The Summer Immersion Program (SIP) is a 2-week introductory computer science course during which participants learn web development with HTML, CSS, and JavaScript while getting an inside look into the

tech industry through incredible company partners. The Self-Paced Program is a 6-week flexible computer science course in which participants can choose to earn beginner-level badges in HTML, CSS, and JavaScript for web development or an intermediate-level badge in Python for cybersecurity.”

**Eligible:** All students 14 and older who identify as girls or non-binary

**Dates:** Various

**Location:** Virtual

**Cost:** Free (grants and tech support available)

**Application Deadline:** **February 14** (early) & **March 22** (regular)

### ***Deadline Approaching: Inspirit AI Scholars Sessions***

“AI Scholars Live Online is a 10-session (25-hour) program that exposes high school students to fundamental AI concepts and guides them to build a mentor-led socially impactful AI project. Students will explore applications, create foundational AI concepts, and develop AI programming skills before developing a Social Good project. The program also includes college and career preparation workshops, to prepare for top-ranked CS/AI programs and pursue ventures or careers in AI. After the program, students gain access to an online platform for continuous learning, including additional projects in a variety of domains. No programming or computer science experience is required. Advanced cohorts are available for students with prior programming experience.”

**Eligible:** All Students

**Dates:** Various options in the summer

**Location:** Virtual

**Cost:** \$1,100

**Application Deadline:** **February 15**

## The Yale Summer Program in Astrophysics (YSPA)

“YSPA is a research program in which students spend two weeks virtually learning skills in astronomy and programming. Then, they are invited to the Yale campus for four weeks to develop a complex astrophysics modeling project. Students gain skills in physics, math, astronomy, programming, data visualization, and data science.

Members of underrepresented groups in STEM are encouraged to apply

**Eligible:** Current juniors

**Dates:** June 24 – July 5 (online) & July 7 – August 4 (residential)

**Location:** Hybrid (two weeks virtual & four weeks residential on the Yale campus)

## MIT Lincoln Laboratory (LL) Beaver Works Summer Institute Spring Class and Summer Program

“This is a dual program; – spring term self-paced online classes (open to all juniors, and some 9<sup>th</sup> and 10<sup>th</sup> graders may be accepted as well), followed by an in-person or virtual summer program at MIT, which is selective. The four-week program teaches students programming & engineering skills through project-based, workshop-style courses. Students must complete self-paced online courses over the spring semester if they wish to be considered for the summer program. (Students can still apply for the online courses after they are released on February 1st, but should apply as soon as possible.)”

**Eligible:** Preference to current juniors, but all students may apply

**Dates:** February 1 - June 16 (Spring Online Courses) & July 8 – August 4 (Summer Program)

**Location:** Spring Courses are virtual; the summer program is Virtual/and/or /In-Person at MIT

**Cost:** Free for those with family incomes under \$150,000; otherwise -\$1,750

## Columbia University: Engineering the Next Generation (ENG) Program

“For six weeks, students work with Columbia Engineering researchers and participate in programming to develop their academic and professional skills. Students gain practical research experience, collaborate with research faculty, staff, and students, practice new skills, and take part in multi-level mentorship.

Program components include experience in working on genuine engineering research projects, research skills and college prep workshops, science communications workshops, and additional supplemental seminars and opportunities. Students **are also provided with a stipend** to support them over the summer. If the student lives in Harlem, they can opt to spend their internship with the CS3 My Streetscape Summer Research Institute.”

### Scholarships:

#### **New: Bright Lights Scholarship**

“With its potential to open so many doors to the future, college should be accessible to everyone who wants it. Many students from low-income or first-generation households never consider college to be an attainable option. Regardless of one’s dreams, passions, or potential, college can feel impossible simply because of the cost. This \$550 scholarship aims to support students who have had to overcome obstacles to pursue a college education.”

**Eligible:** All students who identify as an underrepresented minority and/or first-generation

**Application Deadline:** **February 15**

**Link:** <https://bold.org/scholarships/bright-lights-scholarship/>

#### **New: The Dream National Scholarship**

“We think of our National Scholarship as the “Pell Grant” for highly motivated undocumented students who are eligible to receive in-state tuition in their home state (not applicable if attending a private institution) but still have significant, unmet financial need. Applications are open to undocumented immigrant students with or without DACA or TPS who came to the U.S. before the age of 16 and before Nov. 1, 2018. The National Scholarship Award will cover your tuition and fees at one of our

Partner Colleges up to a maximum of \$33,000 for a bachelor's degree. Some Scholars may receive an additional stipend for books, supplies, and transportation for up to \$6,000 and is renewable”

**Eligible:** Current seniors who are undocumented, came to the U.S. before age 16, have financial need, and intend to attend a partner college of the scholarship

**Application Deadline: February 29**

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: [hblumm@stuy.edu](mailto:hblumm@stuy.edu)

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at [hblumm@stuy.edu](mailto:hblumm@stuy.edu) with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students.**
