CATEGORY TABLE OF CONTENTS:

(**Download this entire PDF document** in order to use the following links to jump to your area(s) of interest)

This weekly bulletin informs students, parents, and staff about internships, academic programs, jobs, community service options, and leadership initiatives, along with other student opportunities in a variety of fields. Please carefully note deadlines, age requirements, and other pre-requisites for participation.
Some program deadlines are fast approaching – please do not miss them!

For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business Internships & Jobs, STEM Opportunities, Community Service, and so on.

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship/Opportunity Coordinator

Harvey Blumm at: hblumm@stuy.edu - we will share your helpful information with the Stuy community!

There are many excellent opportunities in this issue - including several highlighted below.

ACADEMICS: Queensborough and the Borough of Manhattan (BMCC – across the street from Stuy) Community Colleges are several **CUNY College Now** campuses that have just opened up their spring term registration links. College Now programs offer free college-level classes (for 11th, 12th, and, sometimes, 10th –grade students). These include courses in STEM, Humanities, Business, and more.

The **NYC Math Circle** offers several interesting series of weekend workshops starting in early December and in the spring – these may be virtual or in-person.

And the **American Museum of Natural History's Science Alliance** January-March in-person courses are open to current 9th and 10th graders.

COMMUNITY SERVICE: With Thanksgiving approaching, students may consider helping with food pantry efforts – several are highlighted this week (including the **Tzu Shi** option, which needs tech assistance from computer science-focused students.

WRITING/THEATER/PERFORMANCE: Two new poetry contests – from **Smith College** (for female students) and the **Leonard Milberg Prize** (for juniors) welcome submissions from our students –deadlines are approaching! All student writers are eligible for the **Kenyon Review Contest**.

And the **Reel Works Narrative Fellows** program for those 16 and older is an excellent, free film/video for those 16 and older.

STEM: In addition to the **NYC Math Circle** and **AMNH Science Alliance classes** (both detailed above in ACADEMICS), there are two new AI-related programs from **InSpirit Ai** and **Veritas AI**; some financial aid for these may be available. The **GenSpace BioRocket Summer Research Internship** (for students 16 and older) and the online **Perry Initiative** (for female students interested in medicine – 11/20 deadline) are also accepting applications.

Events of Interest to Students:

Event Approaching:

Rockefeller University RockEDU Science Outreach Programs

"RockEDU Science Outreach is hosting a program combined into an after-school and summer research experience. The LAB Jumpstart Program takes place across two phases. The first phase is the LAB Jumpstart Program which will take place after school in the Spring term and the second phase is the Summer Science Research Program (SSRP) which will take place during the summer. The program is designed to promote the development of scientific thinking and research skills through a variety of talks, workshops, and individual mentorship."

1 – Rockefeller University LAB Jumpstart Program

"LAB Jumpstart is designed to provide high school students, from disadvantaged backgrounds, with an opportunity to conduct hands-on research under the mentorship of leading scientific researchers at one of the world's premier biomedical research facilities. Students will be encouraged to develop and ask questions pertaining to scientific research, gain exposure to research skills and primary literature, and connect with dedicated scientist-mentors at The Rockefeller University. Each student is paired with a LAB Jumpstart Advocate — a practicing scientist who can provide educational and professional support beyond academic courses and discussions."

Eligible: Open to all current juniors and seniors who are at least 16 years old (by start of program); those with limited access to STEM opportunities are encouraged to apply

Dates: February 29 – June 13 (Tuesdays & Thursdays, 4:30 - 7:00 PM)

Location: The Rockefeller University (1230 York Avenue, Manhattan)

Cost: Free

Application Deadline: **January 5, 2024** (applications) & **January 8, 2024** (recommendations)

2 – Rockefeller University Summer Science Research Program (SSRP)

"Students accepted into the SSRP mentored bioresearch program will participate in their own research project as part of a themed research track (i.e. RNA bioinformatics or fly behavior). Each track will consist of 8-12 SSRP students led by a RockEDU Fellow and their facilitation team of Track Scientists. RockEDU Fellows and Track Scientists are members of the Rockefeller scientific community who will guide students through their research projects through foundational lectures and skills-building activities.

Students will also attend a weekly suite of core lectures, which include talks from Rockefeller scientists and discussions of the styles of scientific reasoning, ethical practices in science, careers in science, and other topics." The program includes a MetroCard for transportation and applications for stipends.

Eligible: Current juniors and seniors who are at least 16 years old at program start
