And here are a few highlights from the STEM section of today's edition:

The new **High School Terminal Coding Competition** is open to all students – with no prior experience required. Winners can receive top tech prizes, and all are welcome! And the **New York Academy of Sciences** offers several excellent

programs for high schoolers, including their **Junior Academy** (open to all 9th, 10th, and 11th graders), and **1,000 Girls, 1,000 Futures**, for all female students. For ease of use, these newsletters are organized by different categories, such as Academic Programs, Business & Jobs, Community Service, and so on.

New items always will be listed first in every category, followed by those with approaching deadlines (***Deadline Approaching***).

As always, students and parents should feel free to contact Harvey Blumm for advice & assistance at: hblumm@stuy.edu

Questions, suggestions, and information about other opportunities are always welcome and appreciated, and may be sent to Internship/Opportunity Coordinator Harvey Blumm at: hblumm@stuy.edu - we will share your helpful information with the Stuy community!

Events:

New: **High School Terminal Coding Event**

“Terminal is a games-based AI challenge, where players code strategies to automate gameplay. Taking place between June 20 - 27, the competition will have a flexible structure so that participants will be able to work anytime during the week to accommodate their schedule.

We have hosted 20+ Terminal events for 5,000+ students across the top universities such as Harvard, MIT, Stanford, Oxford, and Cambridge, and we’re finally bringing Terminal to high school students! You can check out this clip of [Terminal](#) to learn more about the competition.

Participating students will be eligible for exclusive recruiting opportunities with Citadel along with prizes including Apple iPads, AirPods, and Sonos

Bluetooth Speakers! The event is completely free to join and open to all high school students.

This is a great opportunity for students to exhibit their coding skills in a competitive, team-based setting. All Stuyvesant High School students are welcome to register, even entry-level students with little experience with coding just to have fun! “

Working Papers for Students:

Some jobs and internships require New York State working papers for students under 18 years old. Click on the link below for more information about obtaining these forms at Stuyvesant:

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: hblumm@stuy.edu

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students**
