Events of Interest to Students:

New: Event Approaching: Drop-in Earth Day Arts Workshop

“We invite visitors of all ages and abilities to join us in community art-making at the Pop-Up. Visitors will have the opportunity to participate in drop-in workshops with two outstanding artists: Artist **Nicole Kelner** will lead a watercolor workshop that draws on the SolarPunk aesthetic, which she will outline and which envisions a climate-safe future through lush, utopian imagery. With guidance from the artist, visitors will picture the world they want to live in in their mind’s eye, and bring it to life on paper using a bright watercolor palette.

Simultaneously, in a different space in the exhibition, interdisciplinary artist and educator **Dario Mohr** will lead us in exploring how historical systems of inequality have led to unequal access to green space, with plant deserts in many Black and brown

neighborhoods. He'll invite visitors to bring new plant life into the city and to continue to reflect on this history by writing or illustrating messages to our common ancestors on seed paper greeting cards, which will ultimately grow into African Daisies. Stop by either workshop or both to join us in this day of reflection, connection, and art-making for better futures.”

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to

obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students.**
