Event Approaching:

New: Girls Write Now: Photopoetry: A Synthesis of Photography and Poetry

“Curious about what Photopoetry is? At first glance, poetry and photography might seem like completely different mediums—one deals with the written word, the other deals with visual impressions. Yet, both forms are artistic expressions that have a lot

more in common than one may think. Applying the lessons learned from this workshop, participants will use their smartphones, computers, and imagination to create a photograph in response to a poem—and in so doing, create a photopoem of their own!”

Eligible: All female-identifying, trans, and gender-expansive students

Date: November 19 (3 – 5 pm)

Location: Virtual

Cost: Free

Application Deadline: Rolling Basis

Postcard Poetry: A High School Writing Workshop for Climate Action

“Calling all high school poet-activists! Join us for a session of poetry writing and climate action as we counter political apathy with poetry! Through a poetry-writing exercise inspired by artist David Opdyke’s work, we will address postcards to our elected representatives that we will fill with poetry communicating, in human terms, the urgency of action on climate change. After the conclusion of the program, these postcards will be mailed, and we hope to inundate our elected leaders with poetry! Participants will produce as many postcard poems as time allows, learn about the climate crisis and how the visual and literary arts can meaningfully engage the crisis, meet the artist, and take part in this direct-action campaign.”

Eligible: All students

Date: **November 12** (4:00 – 5:30 pm)

Lawyer Connection Club

“We strive to provide high school students an opportunity to understand various careers in law, politics and government. In giving students the chance to both learn about said careers through talking to a diverse group of professionals, we actively work to create a more informed youth who have a more accurate understanding of their interests. The club meets once a week via Google Meet with guest speakers - there will be opportunities to hear the life experiences of lawyers, judges, and other officials, ask questions, and receive advice on striving for similar success in the future. In the club, students will build their knowledge of higher education, job applications, interview skills, and the lifestyles of those in the professions they’re interested in.”

Museums, Art, Photography:

New: Event Approaching: Photopoetry: A Synthesis of Photography and Poetry

“Curious about what Photopoetry is? At first glance, poetry and photography might seem like completely different mediums—one deals with the written word, the other deals with visual impressions. Yet, both forms are artistic expressions that have a lot more in common than one may think. Applying the lessons learned from this workshop, participants will use their smartphones, computers, and imagination to create a photograph in response to a poem—and in so doing, create a photopoem of their own!”

Future Engineers Challenges

“Future Engineers hosts online innovation challenges for K-12 students. In 2014, Future Engineers launched its inaugural 3D printing in space challenge, which produced historic achievements including the first student-designed 3D print in space. Subsequently, Future Engineers launched a multi-challenge platform in 2018 capable of hosting STEAM challenges of all kinds. All challenges are free for student/classroom participation.”

1- We Heart Veterans Pin Design

“Your challenge is to create a digital 3D model of a wearable pin to be 3D printed and distributed to U.S. veterans at the National Veterans Memorial and Museum in Columbus, Ohio. Your pin should be original and designed to show appreciation or gratitude for veterans of any U.S. military service branch. Finalists will also each receive five prints of their design and a \$100 gift card toward a professional 3D print. The challenge winners (2 grand prize winners total) will win a trip for two to Columbus, OH, to attend a special event on Memorial Day at the National Veterans Memorial and Museum. Each winner will also receive a 3D printer donated to the school, library, or organization of their choice!”

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: hblumm@stuy.edu

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students.**
